Re: COVID-19 Pre-Alert Letter

Dear Parents/Guardians,

It has come to my attention that a student from our school has tested positive for COVID-19. Every case of COVID-19 is investigated by Alberta Health Services (AHS). Our student was last in our building on November 27, 2020 and has since been isolating at home. Our student has not had any further contact with other students and staff. We are unable to share specific information as we protect the individual's confidentiality and follow AHS privacy guidelines.

In contact with AHS, their investigation has confirmed no need to determine trace as there was no in-school contact. We are committed to being as transparent as possible in respect to COVID-19 cases.

We continue to be in contact with AHS as we work through the days and weeks ahead. We thank you for your support and understanding. Families need to continue to be diligent to fill out the daily checklist which is found [here](#), use enhanced hand hygiene when they are in the school, wear their masks and physical distance.

To ensure that our students and staff remain safe and healthy over the holidays, we thank you for following all the guidelines.

Sincerely,

Ms. Stacey Barber
Principal
