Pre-Alert Letter

Dear Parents/Guardians,

It has come to our attention that a person affiliated with our school has tested positive for COVID-19. Every case of COVID-19 is investigated by Alberta Health Services (AHS). AHS is currently conducting a case investigation. We have been in contact with AHS and since the person was last in our building on Friday, March 15, and the person was not symptomatic until Sunday evening. We are committed to being transparent in this process.

As a reminder, please continue to be diligent to fill out the daily checklist which is found [here](#). If your child has any of the symptoms of illness listed on the Alberta Health daily checklist call Health Link at 811 and keep your child at home if they show symptoms. Having people follow these rules have ensured that the close contacts within our schools are minimal. Thank you for your efforts in this, as they really do make a difference!

This is a challenging time for people and there are supports available:
