**Re: COVID-19 Pre-Alert Letter**

Dear Parents/Guardians,

It has come to my attention that a person affiliated with our school has tested positive for COVID-19. Every case of COVID-19 is investigated by Alberta Health Services (AHS). This person was last in our building on April 14, 2021. This person did not have any contact with students or staff in the school during the infectious period. We are unable to share specific information as we protect the individual's confidentiality and follow AHS privacy guidelines.

We continue to be in contact with AHS and they are convinced that our staff and students are not close contacts. We thank you for your support and understanding. Students need to continue to be diligent to fill out the daily checklist which is found [here](#), use enhanced hand hygiene when they are in the school, wear their masks and physical distance.

We are committed to being as transparent as possible in respect to COVID-19 cases. To ensure that our students and staff remain safe and healthy over the holidays, we thank you for following all the guidelines.

Sincerely,

Celeste Matovich  
Principal Dr. Folkins Community School
