---

**POLICY STATEMENT:**

The Board supports the formation of partnerships with business and industry when those partnerships will enhance student learning.

**GUIDING PRINCIPLES:**

1. A system-based partnership with business and industry will be organized and coordinated at the divisional level. All responsibilities for such a partnership shall remain at the divisional level.
2. A school-based partnership with business and industry will be organized and coordinated at the school level. All responsibility for such a partnership shall remain at the school level.
