DEFINITIONS:

This procedure refers to transportation of students when it is arranged by the school. When a school is arranging transportation of students, it is the expectation that students will make use of the arranged transportation and follow the expectations outlined in this administrative procedure.

This administrative procedure is not meant to dictate situations where parents organize transportation of their child when the transportation is not being arranged by the school. In those cases, parents are encouraged to give consideration to any factor that will contribute to the safest transportation options available for their children.

School arranged student transportation to a curricular or extra-curricular activity will fall into one of the following categories:

1. Transportation in Private Vehicles by Volunteer Driver: This would include any vehicle owned and operated by a volunteer driver (i.e. Staff member/parent/guardian/community member volunteering to drive). This would also include a student driving themselves and siblings.
2. Transportation by Bus for Hire: This would include contracting the services of an outside agency/contractor. Could be a coach or school bus. The use of 15 passenger vans is prohibited.
3. Transportation by School Owned Bus: This would include yellow or white school buses that are owned or leased by the school/division.

GUIDELINES AND PROCEDURES:

Transportation in Private Vehicles:

When volunteer private vehicles are used by the school to arrange for the transportation of students to curricular or extra-curricular trips the following guidelines are to be followed:

1. Where it is necessary to transport students in private vehicles, parent volunteer drivers are the preferred alternative.
2. The school administrator/teacher is responsible to provide information regarding the transportation of students in private vehicles to parents/guardians and students as per 302.8AP Field Trip & Excursions.
3. Proper documentation including the 701.4AP Exhibit 3 Student Participant Information Sheet has been completed in its entirety prior to departure and a copy is available at the school and with the volunteer driver.
4. All volunteer drivers must meet the following qualifications:
 - a. Hold a valid Alberta driver's license appropriate for the specific vehicle involved. Improper class of licence is illegal and may void or limit insurance coverage on the vehicle.
 - b. Submit a copy of their license (or current driver abstract) to the school administrator.
 - c. Must be 21 years of age or older and have an unrestricted licence. (This does not apply to student drivers transporting themselves under this administrative procedure).
 - d. Must consult their insurance company before undertaking the transportation of students.
 - e. Must follow the Traffic Safety Act, Distracted Driving legislation and all pertinent traffic laws and regulations.
 - f. The driver must carry a minimum of \$1,000,000.00 personal liability and property damage primary insurance.

- g. Complete the [Volunteer Driver Form](#). These forms must be completed annually for each driver. The copy of the driver's license does not need to be redone every year, but the expiry date should be checked annually.
5. Passenger loads shall not exceed those permitted by law and by insurance for the specific vehicles involved.
6. Drivers transporting students have final responsibility in their decision as to driving when weather or road conditions are dangerous.
7. Routes should be predetermined.
8. Students must only drive when all other options have been exhausted. Parents who wish to have their child(ren) transport themselves shall provide written parental approval to the school. The school maintains the right to refuse permission. Permitted students can only transport passengers in his/her immediate family.
9. 15 passenger vans are prohibited to transport students.

Transportation by Bus for Hire:

When contracted bus services are used for the transportation of students for a curricular or extra-curricular trip the following guidelines are to be followed:

1. The school administrator/teacher is responsible to provide information regarding the transportation of students in a contracted bus to parents/guardians, students and the bus driver as per [302.8AP Field Trip & Excursions](#).
2. Proper documentation including the [701.4AP Exhibit 3 Student Participant Information Sheet](#) has been completed in its entirety prior to departure and a copy is available at the school, with the teacher and with the contract bus operator.
3. Passenger loads shall not exceed those permitted by law and by insurance for the specific vehicles involved.
4. Contracted bus operators ~~drivers~~ transporting students have final responsibility in their decision as to driving when weather or road conditions are dangerous.
5. Routes should be predetermined.
6. 15 passenger vans are prohibited to transport students.

Transportation by School Owned Bus:

When a school owned bus is used for the transportation of students for a curricular or extra-curricular trip the following guidelines are to be followed:

1. School owned buses will be operated as per the Buffalo Trail Public Schools Safety and Maintenance Plans and the National Safety Code. Information on the requirements can be found in the Transportation tab on the Staff website at <http://www.btps.ca/login.aspx?ReturnUrl=%2fstaff%2f>. Hours of Service legislation must be adhered to and a pre and post trip inspection must be completed.
2. All bus drivers (staff or volunteers) must be qualified as per [701.6AP Bus Driver Qualifications](#) Applications are approved by the School Administrator/School-Based Safety Officer.
3. The school administrator/teacher is responsible to provide information regarding the transportation of students in a school owned bus to parents/guardians, students and the bus driver as per [302.8AP Field Trip & Excursions](#).
4. Proper documentation including the [701.4AP Exhibit 3 Student Participant Information Sheet](#) has been completed in its entirety prior to departure and a copy is available at the school, with the teacher and/or with the school based bus operator.
5. Passenger loads shall not exceed those permitted by law and by insurance for the specific vehicles involved.
6. School owned bus drivers transporting students have final responsibility in their decision as to driving when weather or road conditions are dangerous.
7. Routes should be predetermined.
8. 15 passenger vans are prohibited to transport students.
