Re: New Curriculum to be Implemented in 2023-2024

Dear Parents/Guardians of BTPS Students:

In the 2022-2023 school year, BTPS began the implementation of new curriculum in elementary schools. Starting in September 2023, BTPS will begin implementation of new curriculum in the following subjects and grades:

- Kindergarten-Grade 3 Science,
- Kindergarten-Grade 3 Fine Arts,
- Grades 4-6 Math, and
- Grades 4-6 English Language Arts and Literature.

Grades 4-6 Science will be implemented in the 2024-25 school year; however, teachers may choose to start implementation in the fall.

We continue to support teachers who are implementing new curriculum. Teachers of Kindergarten to Grades 6 will participate in a half day of professional development to support understanding the curriculum, exploring resources and planning for next year.

BTPS will also hold an online curriculum information session for parents and guardians. This session will be held May 24, 2023, at 7:00pm. The link to join the meeting will be shared out by your school.

For other BTPS information check out our latest:

Thank you for your continued support as we maximize student learning.

Take care,

Rhae-Ann Holoien  
Superintendent
