## The Board

The Board has completed a full policy review for 2024-2025 and was appreciative of the support of Senior Leadership to facilitate its efforts. Graduations are wrapping up for the year with only a few more schools to celebrate. The Board wishes all the Grade 12 students a future filled with success. The final student engagement for this school year heard from Grade 10 students from Hughenden, Kitscoty, Provost and Wainwright who shared their experiences from the Try a Trade event in Lloydminster. The students had many opportunities to try various trades like electrical, hairdressing and welding which helps inform them about future career choices. The BTPS Board of Trustees has been proud to support this worthwhile event since its inception. The Board reviewed and received all BTPS School Council reports for information and will once again be supporting memberships for all BTPS School Councils to join the Alberta School Council Association (ASCA) for the upcoming school year.

*Trustees and the Superintendent at the Alberta School Board Associations and the Public School Board Association of Alberta Spring General meetings.*

## Superintendent's Department

The Superintendent shared celebrations from June that highlighted the Wainwright Elementary School Groundbreaking ceremony and the new Human Services Collegiate Program that will expand programming for BTPS students. The Collegiate, developed in partnership with Lakeland College and supported by Alberta Education, offers BTPS high school students opportunities in dual credit, Early Childhood Education, Educational Assistant, Community Care and Mental Health to name a few. Senior Leadership has been attending graduation ceremonies with our Trustees to celebrate our student accomplishments. Hiring and staffing is ongoing across the division as schools prepare for the upcoming school year.
